

Eson™ 2 Nasal CPAP Mask by Fisher Paykel

The Eson™ 2 is the New and improved Nasal Mask, designed like the original Eson Nasal mask, only now with 20 new design improvements, for your comfort, performance and ease of use.

Features of the Eson™2 Nasal CPAP

- **RollFit™ Seal:** The RollFit Seal is designed to deliver a precise fit and effective seal by automatically adjusting on the bridge of the nose. The Rollfit Seal technology automatically adjusts to effectively fit a wide variety of faces
- **Intuitive Headgear:** This high quality headgear provides fitting options for patients, including the ability to stretch the mask directly over the head.
- **Easy Frame:** The Easy Frame – which fits all three seal sizes – now has a narrower profile. This provides a clearer line of sight while retaining seal stability.
- **VisiBlue™:** Blue highlights incorporated into key mask components assist patients with mask use, orientation, disassembly and reassembly.
